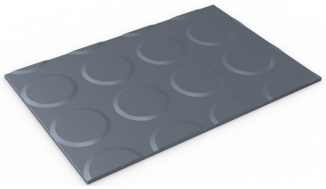
Flexi / Eco Coin

Multi-purpose matting in a large stud pattern perfect for covering large surface areas.

Cover large areas easily and economically with Flexi Coin, stylish vinyl sheet matting that provides an excellent alternative to conventional floorings.



The large stud design not only looks good, it's also extremely practical, with a hard-wearing finish that's quick to install and easy to keep clean. The raised elevation means it can withstand light spillages, making it ideal for workplaces where liquids are present and employees need protection underfoot.
